EuroClad

EuroClad - Selektia is a unique pre-finished composite cladding facade with a beautiful timber grain embossed surface. Designed to offer premium style and long lasting results, EuroClad - Selektia has a realistic timber finish look offering all the appeal of real timber without the need for ongoing upkeep.

EuroClad - Selektia has 6 stunning colours to choose from. Best of all, it's maintenance free meaning your home will continue to look great year after year.

Features & Benefits

Durability & Moisture Resistant

Finely chopped wood and high quality resins for strong bonding, guarantee the highly compressed and dimensionally stable material structure E2/YM1 certified.

PEFCTM Certified

Timber components sourced from PEFC™ certified, sustainably managed forest.

Hidden Fixing System

Simple tongue and groove fixing system with machined screw slots.

Non Leaching

The only timber look cladding that cannot leach as there are no tannins impregnated into the profile.

Pre-finish

Low maintenance does not need to be painted or stained.

High R_v Acoustic Rating
Laboratory acoustic testing results available.

Ideal Timber Substitute
Perfect for use in high exposure or difficult to access areas.

Rot and Pest Resistant
Guaranteed not to rot, split, warp or check. Highly resistant to damage caused by termites and fungal decay.

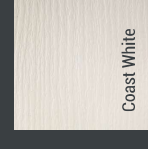

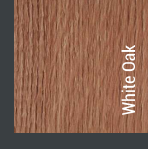

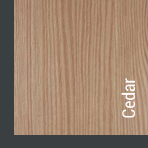

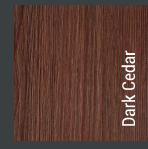

Comprehensive 15 Year Warranty
Guaranteed quality and peace of mind. Visit www.psp.co.nz for more information
